STATE OF NEW YORK
TOWN OF LANCASTER TOWN BOARD : COUNTY OF ERIE

In the Matter of a Petition for Rezoning of Property Located on
Broadway, Lancaster, New York by:
Jeffrey T. Bochiechio
350 Main Street
Suite 1400
Buffalo, New York 14202,

DECISION

Petitioner,

Petitioner Jeffrey T. Bochiechio (“Petitioner”) submitted a rezoning petition to the Town of Lancaster Town Board (the “Town Board”) seeking to rezone property located on Broadway (SBL # 116.00-1-5.13) (the “Property”) from Residential District One (R-1) to Multifamily Residential District Three (MFR-3). The proposed future use of the Property, as described in the petition, is “[t]o develop sixty-four (64) two-bedroom residential condominiums in sixteen (16) four unit buildings.”

The current zoning designation for the Property is R-1. The intent of the R-1 zoning district is “[t]o provide areas within the Town for ***low-density*** single-family detached residential development”¹

The Town Comprehensive Plan and the Town’s Zoning map designate the majority of the property for lower density residential development. The Comprehensive Plan does note that higher density development is permitted near the villages and in sewer districts, but controlling density and providing adequate buffering between high-density developments is an important component of the Comprehensive Plan and the R-1 zoning fulfills that purpose. With respect to Petitioner’s rezoning request, the Board finds that the Comprehensive Plan and the current Zoning Regulations do not support the rezoning of the Property to MFR-3 and the current R-1 zoning should remain in place. Lower-density residential development here is contemplated by the current zoning, the Comprehensive Plan, and the unique characteristics of this location.²

The proposed rezoning would not be in the public interest, would be detrimental to surrounding land uses, and is not consistent with the Comprehensive Plan.

For the reasons stated herein, Petitioner’s rezoning petition is hereby DENIED in its entirety.

¹ Town of Lancaster Code § 50-10(A).

² It is noted that an R-2 zoning designation may be an appropriate alternative, to balance the goals of the Comprehensive Plan. An R-2 designation would allow somewhat greater density, while lessening the impacts of further increasing density in this area.
