

# Senior Center

## New Covid Operating Guidelines

With the vaccine distribution well under way we are finally returning to a more normal way of life!!

If you are vaccinated, we require proof of vaccination upon entering the building and you must have your Senior Center membership card with you. Your membership card will be stamped and that is what you will use to enter the building there after. Vaccinated members will not be required to wear their masks and will not have to social distance.

Unvaccinated members will still be required to show their membership card upon entry but **WILL** be required to **always** wear a mask and maintain 6 feet of social distance. There will be a separate section for unvaccinated members in all classes and activities.

Some vaccinated members may still choose to wear masks, please be respectful of other's choices.
