**THE FOLLOWING RESOLUTION WAS OFFERED
BY COUNCIL MEMBER RUFFINO, WHO
MOVED ITS ADOPTION, SECONDED BY
COUNCIL MEMBER, TO WIT:**

WHEREAS, a Public Hearing was held on April 1, 2013 for the purpose of amending the Town Code by enacting an Ordinance entitled “Alarm Systems” and designated as Chapter five (5) of the Code Book of the Town of Lancaster and persons for and against such Ordinance have had an opportunity to be heard, and

WHEREAS, a Notice of said Public Hearing was duly published and posted;

**NOW, THEREFORE, BE IT
RESOLVED**, that the Code of the Town of Lancaster is hereby amended by adding thereto Chapter 5 – Alarm Systems, which reads as follows:

Chapter 5

ALARM SYSTEMS

- §5 - 1. Legislative Intent
- §5 - 2. Definitions
- §5 - 3. Exemptions
- §5 - 4. Compliance Required

- §5 - 5. Automatic Cutoff System Required
- §5 - 6. Connection to 911 or 911 Emergency Service Restricted
- §5 - 7. Alarm Verification Calls Required
- §5 - 8. Avoidable Alarms
- §5 - 9. Enforcement
- §5 – 10. Penalties for Offenses
- §5 - 11. Applicability
- §5 – 12. Severability
- §5 – 13. Effective Date

§5 – 1. Legislative Intent.

It is the intent of this chapter to protect and promote the health, safety and general welfare of the residents of the Town of Lancaster by reducing the number of avoidable alarms of fire, intrusion, holdup or other emergencies which contribute to ineffective utilization of police, fire and medical emergency agencies; and which require emergency responses which are susceptible to high accident rates, interfere with genuine emergencies (responses) and produce unnecessary alarm noise to the surrounding community.

§5 – 2. Definitions.

For the purpose of this chapter, the following terms shall have the meanings ascribed to them. All other words shall have the meanings normally ascribed to them in regular usage.

ALARM SYSTEM – A device or an assembly of equipment which is designated to detect smoke, abnormal rise in temperature, fire, medical emergency or an entry into or exit from a building, structure or facility and, by reason thereof, emits an audible response intended to alert persons outside of the premises and/or transmit a signal or message to an emergency agency either directly or through a private answering point.

AUTOMATIC DIALER – A device that automatically dials and relays a prerecorded message to an emergency agency.

AVOIDABLE ALARM – The activation of an alarm system through mechanical failure, malfunction, improper installation or the negligence or carelessness of the owner, user, custodian, operator or lessee of an alarm system or that person’s employee(s), guests(s) or agent(s) requiring an emergency response from an emergency agency when in fact an emergency requiring such response does not exist. An avoidable alarm is also the intentional activation of an alarm system when the person activating it knows an emergency does not exist, as well as all alarm system activations in which an investigation by a police officer and/or fire district officer of the Town reveals no evidence of the existence of an emergency. An avoidable alarm is not deemed to include the activation of an alarm system by violent conditions of nature, acts of God or similar causes beyond the control of the owner, user, custodian, operator or lessee of an alarm system or that person’s employee(s), guests(s), or agent(s) nor in as avoidable alarm deemed to be the activation of an alarm system under any circumstances in which the person activating the alarm system reasonably believes that an emergency situation exists.

EMERGENCY AGENCY – The Police Department, the Fire District, central fire dispatch and any other emergency dispatch center.

VERIFICATION – An attempt by the monitoring company, or its representative, to contact the alarm site and/or alarm user by telephone to determine whether an alarm signal is valid before requesting a law

enforcement response, in an attempt to avoid an unnecessary alarm dispatch request. For the purpose of this Ordinance, telephone verification shall require, as a minimum that a second call be made to a different number if the first attempt fails to reach an alarm user who can properly identify themselves to determine whether an alarm signal is valid before requesting law enforcement dispatch.

§5 – 3. Exemptions.

Exempt from this chapter will be Town buildings, i.e., buildings owned or operated by the Town of Lancaster, Schools (both public and private) located within the Town and fire stations within the Town of Lancaster.

§5 – 4. Compliance Required.

The owners and lessees of premises having alarm systems shall comply with all provisions of this chapter on or before the first day of June 2013.

§5 – 5. Automatic Cutoff System Required.

- A. No person shall install or maintain an external audible alarm device which does not contain an operational automatic cutoff system which turns off the external audible alarm after a period not to exceed ten (10) minutes.
- B. An automatic dialer connected directly to an emergency agency shall automatically disconnect and/or terminate its message after the message has been transmitted a maximum of two (2) times.

§5 – 6. Connection to Enhanced 911 or 911 Emergency Service Restricted.

- A. No alarm system shall have an automatic dialer feature of other type of alarm alert which connects automatically to the enhanced 911 emergency telephone system.
- B. There shall be no automatic alarm system with direct communication of any type to an emergency agency without prior written authorization from the emergency agency where the alarms terminate.

§5 – 7. Alarm Verification Calls Required.

All burglary or intrusion alarm systems that have central monitoring shall have central monitoring make a verification telephone call to the alarm site, and then to an alternate contact number if the first phone call is unsuccessful, prior to the alarm monitoring personnel contacting the Lancaster Police Department for alarm dispatch. However, if the alarm has properly operating visual or auditory sensors that enable the monitoring company to verify the alarm signal, verification calling is not required. Failure by the alarm system contractor or alarm monitoring company to make verification calls may result in a \$125.00 fine.

§5 – 8. Avoidable Alarms.

A. General Provisions.

- (1) The activation of an alarm system, through mechanical failure, malfunction, improper installation or the negligence of the owner, user, custodian or lessee of an alarm system or of his employees, requiring an emergency response when, in fact, an emergency does not exist constitutes an avoidable alarm. An avoidable alarm also includes intentional activation of an alarm system when the activator knows an emergency situation does not exist.
- (2) Avoidable alarm does not include alarms activated by violent conditions of nature or similar cases beyond the control of the user, owner or operator of the alarm system. The activation of an alarm system under any circumstance in which the activator reasonably believes that an emergency situation exists shall not be deemed to be an avoidable alarm.

B. Charges. An owner or lessee of real property to which an emergency agency responds as a result of avoidable alarm shall pay a fee for each such response within a revolving calendar year (365 days) as follows:

(1) Police Department Response:

- (a) First (1st) through third (3rd) avoidable alarm responses: no charge.
- (b) Fourth (4th) and fifth (5th) avoidable alarm responses: fifty dollars (\$50.) for each.
- (c) Sixth (6th) and over avoidable alarm responses: one hundred dollars (\$100.) for each.

(2) Fire District Response:

- (a) First (1st) avoidable alarm response: no charge
- (b) Second (2nd) through fifth (5th) avoidable alarm responses: fifty dollars (\$50.)
- (c) Sixth and over avoidable alarm responses: one hundred dollars (\$100.) for each.

C. Notice of Excessive Use. The owner or lessee of real property, which received an emergency response by reason of an avoidable alarm, shall be notified in writing by means of first class mail of all avoidable alarms up to three (3) police alarms and/or one (1) fire alarm in a calendar year. The letter shall inform the owner or lessee of the times and types of emergency responses provided to the address location and shall contain with it a copy of the Alarm Systems Code.

D. Administrative Review. The Chief of Police and the Supervising Code Enforcement Officer shall establish a policy and procedures whereby an owner of real property or lessee thereof on which an alarm system has been installed and who has been notified of an avoidable alarm may present evidence as to why any such alarm should not be classified as an avoidable alarm. The Chief of Police and the Fire Inspector shall designate members of their departments, not to exceed five (5) in total, to receive such evidence and make recommendations and finding of fact concerning such classification. The Chief of Police and Fire Inspector shall make the final determination concerning a classification, which determination shall be reviewed only pursuant to procedures under Article 78 of the Civil Practice Law and Rules. To challenge the classification of an alarm as an avoidable alarm, the real property owner or lessee thereof shall, in writing, notify the Chief of Police and/or the Fire Inspector within twenty (20) days after receipt of notice of the avoidable alarm. The failure to give timely notice shall be deemed a waiver of the right to review the determination.

E. Payment of Charges. Avoidable alarm charges shall be paid to the Town Clerk of the Town of Lancaster at 21 Central Avenue, Lancaster, New York 14086.

F. Failure to remit fee. Upon the failure of a real property owner or lessee of property on which an alarm system is installed to pay the avoidable alarm charge within thirty (30) days from notice of the amount due, he shall be served with a summons and shall be deemed in violation of this code.

§5 – 9. Enforcement.

The Chief of Police shall enforce this chapter for alarm systems which detect medical emergencies and entry or exit from a building, structure of facility. The Fire Inspector shall enforce this chapter for alarm systems which detect smoke, fire or abnormal rise in temperature.

§5 – 10. Penalties for Offenses.

Any person, business, firm, corporation, partnership, association or other entity that does not pay the fee as established in this code or who violates any other provisions of this code shall be subject to a civil penalty, not to exceed one thousand dollars (\$1,000.) for each offense. A separate offense shall be deemed committed upon each day during which a violation occurs, continues or is permitted.

§5 – 11. Applicability.

The provisions of this law shall be applicable within the boundaries of the Town of Lancaster, excluding the Villages of Lancaster and Depew.

§5 – 12. Severability.

If any section, clause or provision of this chapter or the application thereof to any person is adjudged invalid, the adjudication shall not affect other sections, clauses or provisions or the application thereof which can be sustained or given effect without the invalid section, clause or provision or application, and to this end the various sections, clauses or provisions of this chapter are declared to be severable.

§5 – 13. Effective Date.

This ordinance shall become effective immediately.

**BE IT FURTHER
RESOLVED,** as follows:

1. That Chapter five (5) of the Code of the Town of Lancaster be added in the form attached hereto and made a part hereof;
2. That said ordinance be added in the minutes of the meeting of the Town Board of the Town of Lancaster held on May 20, 2013;

NOTICE OF ADOPTION
ADDITION OF ALARM SYSTEMS ORDINANCE
TOWN OF LANCASTER, COUNTY OF ERIE, STATE OF NEW YORK

NOTICE IS HEREBY GIVEN that Chapter five (5) Alarm Systems of the Code of the Town of Lancaster, Erie County, New York, is hereby added and briefly described as follows (full version is available for review at the Town of Lancaster Clerk's Office):

CHAPTER 5 – ALARM SYSTEMS

It is the intent of this chapter to protect and promote the health, safety and general welfare of the residents of the Town of Lancaster by reducing the number of avoidable alarms of fire, intrusion, holdup or other emergencies which contribute to ineffective utilization of police, fire and medical emergency agencies; and which require emergency responses which are susceptible to high accident rates, interfere with genuine emergencies (responses) and produce unnecessary alarm noise to the surrounding community.

May 20, 2013

STATE OF NEW YORK :
COUNTY OF ERIE : **SS:**
TOWN OF LANCASTER :

This is to certify that I, **Johanna M. Coleman**, Town Clerk and Registrar of Vital Statistics of the Town of Lancaster in the said County of Erie, have compared the foregoing copy of an Ordinance entitled "Alarm Systems" and designated as Chapter 5 of the Code of the Town of Lancaster, with the original thereof filed in my office at Lancaster, New York, on the 20th day of May, 2013 and that the same is a true and correct copy of said original, and of the whole thereof.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said Town this 20th day of May, 2013.

Johanna M. Coleman, Town Clerk

WHEREAS, the Town of Lancaster and the Village of Depew (collectively hereinafter referred to as “Municipalities”) each presently has a need for paving and milling of streets in their respective communities, and;

WHEREAS, in the interest of economy and efficiency, the Municipalities wish to cooperatively work together to perform these tasks, and;

WHEREAS, Sections 119-o of the General Municipal Law permits municipalities to enter into municipal cooperation agreements for this purpose, and;

WHEREAS, it is hereby determined that by renting, borrowing, exchanging, leasing or maintaining highway machinery and equipment and the borrowing or lending of materials and supplies, the Town of Lancaster and the Village of Depew may avoid the necessity of purchasing certain needed highway machinery and equipment and the purchasing of or storing a large inventory of certain extra materials and supplies, along with hiring a third party company, thereby saving the taxpayers money, and;

WHEREAS, it is incumbent upon each municipality to design a simple method whereby materials and supplies, equipment and machinery, including the operators

thereof, may be obtained or maintained with a minimum of paperwork and inconvenience and with a swift approval process, and;

WHEREAS, it is the intent of the Town of Lancaster to give Daniel Amatura, the head of the Highway Department the authority to enter into renting, exchanging, borrowing, lending, or maintaining arrangements with the persons serving in similar capacities in the Village of Depew for paving and milling of streets without the necessity of obtaining approval of the Town Board of the Town of Lancaster prior to making of each individual arrangements, and;

WHEREAS, a standard contract has been prepared which is expected to be adopted and placed into effect in the Village of Depew, and will grant the person holding the position comparable to that of the head of the Lancaster Highway Department, authority to make similar arrangements, and:

WHEREAS, it is hereby determined that it will be in the best interest of the Town of Lancaster to be a party to such shared services arrangements, and;

NOW, THEREFORE, BE IT RESOLVED, that Dino J. Fudoli, Supervisor of the Town of Lancaster, be and is hereby authorized to sign on behalf of the Town of Lancaster a Mutual Sharing Agreement between the Town of Lancaster and the Village of Depew for paving and milling of streets for the period of one (1) year, commencing on May 1, 2013 and terminating on April 30, 2014, subject to the approval of the Town Attorney.
