

Town of Lancaster, Village of Lancaster and Village of Depew Begin Planning for the Future

A public information meeting to discuss the Town of Lancaster, Village of Lancaster and Village of Depew Joint Comprehensive Plan is scheduled for -

Thursday, May 18, 2017 - 6:30 PM in the Lancaster Opera House

The purpose of this informational meeting is to provide local residents and stakeholders the opportunity to express their views on land use and zoning, community character, growth and development, village revitalization, recreational needs, economic vitality, community services and other issues and concerns in the communities. The Town and Villages are developing the Comprehensive Plan to help guide future growth and improve the overall quality of life, provide better economic opportunities, and evaluate opportunities for other community improvements. A Comprehensive Plan is one of the most important tools that a community can use to establish a vision for the future and set effective goals and objectives for achieving that vision.

The Town and Villages have hired Wendel, an architecture, engineering and planning firm, to assist with the preparation of the Comprehensive Plan. Residents and other interested parties are encouraged to come out and offer your thoughts on what is important for the future of the community. Doors will open at 6:30PM for an open house, where residents can view maps and informally discuss their concerns. A brief presentation about the Comprehensive Plan will start at 7:00PM, followed by an open discussion to gather input from the public. All residents are encouraged to attend and provide your ideas about the future of the communities.
